### ***Allowable Subject Matter***

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: None of the cited prior art of reference discloses a complex three-component system and comprising the specific non-conjugated polyene random copolymer, with a conductive filler and in the form of a sheet having the instantly claimed properties.

Therefore, it would not have been obvious to one of ordinary skill in the art at the time the invention was made to create the instant claimed heat softening heat radiation sheet in view of any of the cited prior art of reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
